# INTRODUCTION

FOREX ELITE GLOBAL

**Forex Elite Global** is a global trading-focused platform built to provide individuals with structured access to professional trading opportunities. The company emphasizes transparency, discipline, and consistency by combining modern trading technology with experienced market strategies. Forex Elite Global is designed for people who want to participate in financial markets without the complexity of direct trading.

With a strong foundation in risk management and performance-based trading models, Forex Elite Global aims to create a sustainable ecosystem where members can grow alongside professional traders while maintaining full control over their principal capital.

FOREX ELITE GLOBAL

## OUR MISSION

**Our mission** is to empower individuals worldwide by offering a reliable and professionally managed trading ecosystem. Forex Elite Global is committed to delivering consistent performance, transparent operations, and user-friendly participation through advanced trading tools and ethical business practices.

## OUR VISION

**Our vision** is to become a globally recognized trading hub that bridges the gap between professional traders and everyday investors. Forex Elite Global strives to set new standards in trust, innovation, and financial growth by making professional trading accessible, secure, and scalable for everyone.

# What Is MT 5 ?

FOREX ELITE GLOBAL

Live Trade (MT5) refers to real-time trading conducted on the **MetaTrader 5 (MT5)** platform, one of the world's most advanced and trusted trading terminals. MT5 enables professional traders to execute trades across multiple financial markets, including forex, commodities, indices, and cryptocurrencies, using advanced analytical tools and real-time data.

At Forex Elite Global, Live Trade (MT5) allows users to benefit from market movements through professional trading strategies without manually executing trades themselves.

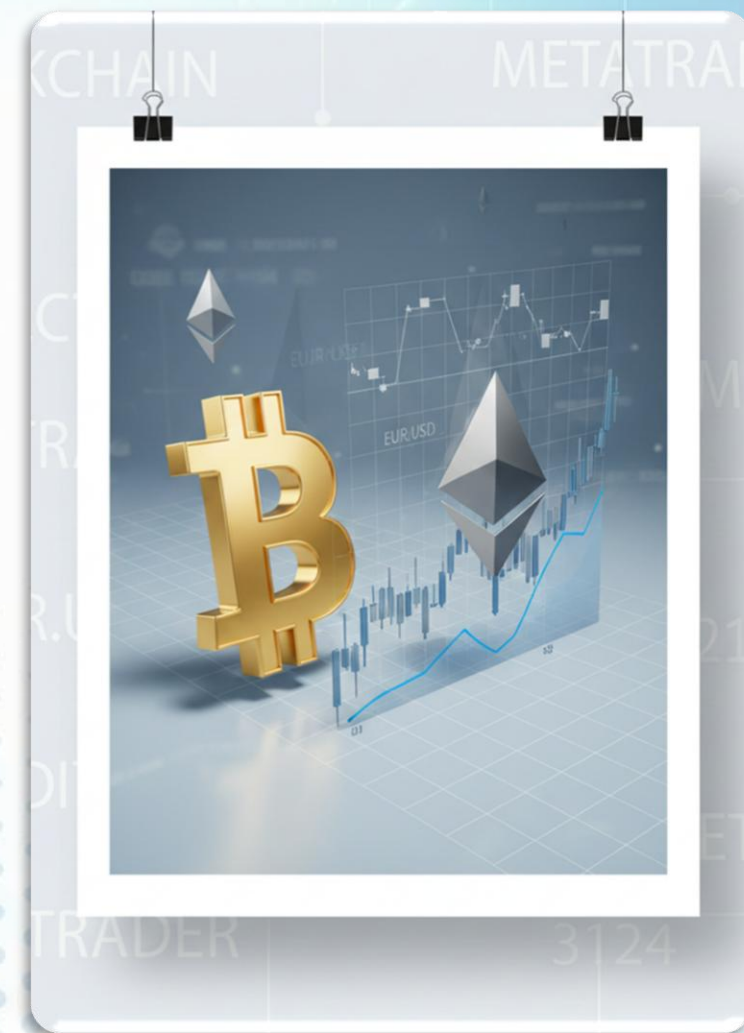

# Working of MT 5

FOREX ELITE GLOBAL

Professional traders analyze market conditions using technical indicators, price action, and risk-management strategies on the MT5 platform. Trades are executed live based on market opportunities, ensuring transparency and real-time performance tracking.

Members of **Forex Elite Global** participate in these live trades while maintaining full ownership of their principal amount. Performance is calculated based on actual market results, creating a structured and disciplined trading environment.
